Meeting:	Full Council
Meeting Date:	09 October 2024
Title:	Update on Estate and Related Matters
Submitted by:	Clerk and Responsible Financial Officer

1. Purpose of the report.

For members to consider updates on estate and other related matters, including

- Wellbeing Community Garden 'Project'.
- Street columns and festive lighting.
- Townley Gardens Project.
- Pump Track. (verbal update)
- Café Rent review. (verbal update)
- Heritage Centre - Licence Review. (verbal update)

2. Wellbeing Community Garden 'Project'

Members are reminded that in August 2024, after receiving a complaint from a resident regarding the state of the plot where the changing rooms of Longridge Town FC had been located, the Clerk contacted LCC, who confirmed they owned the plot and would look to clean it up.

After chasing LCC as to when the clean-up would begin, and after discussing the matter with Cllr. Walker, the Clerk asked LCC if they would consider renting the plot to the Town Council. LCC responded to the request, asking the Town Council to submit proposals as to what they would do with it. The Council's proposals are shown in Appendix 1.

On 18 September, LCC emailed the Clerk, stating that subject to receiving no objections from the school and obtaining internal approval, LCC could offer the Town Council a non-protected 3-year lease of the site for the Community Garden Project, with a nominal rent, (£1 per year) on the basis that the Town Council would look after the site and be prepared to vacate it on six month's-notice after the initial 3 years had expired.

LCC subsequently submitted Heads of Terms (HoT) shown in Appendix 2 which they are seeking formal agreement to. These HoT have been passed to the Council's solicitors for consideration. If the Council are minded to agree the HoT, they would be required to transfer £1,100 to the Council's solicitors, this money would sit in a client account until completion.

Members should note that the HoT places all liability and responsibility on to the tenant and the Council may wish to mitigate potential risks by reviewing its insurance provision.

2.1 Members are recommended:

To consider the Heads of Terms and decide if they want to sign them and undertake a Well Being Garden Project.

3. Street Columns and Festive Lighting.

Members should note that at the 25 September 2024 Budget Committee, the Clerk updated members on the results of the column tests and sought guidance on the next steps for purchasing and installing brackets and banners. (See Appendix 3).

At the Budget meeting:

- The Clerk stated that he had received an email (*from volunteers responsible for installing the chequered flags for the Soapbox Derby*) stating that several of the brackets were in a poor state of repair and needed replacing. Members are aware that these brackets are also used to hold the Christmas trees.
- Members requested the Clerk to see if LCC would be able to install electric sockets in the street columns and fit suitable brackets to hold festive lights and banners by early December. It was envisaged that such festive lights and banners could replace the need to install Christmas trees.

LCC have responded and indicated that they are able to carry out the work by the first week in December (if the Town Council place an order by 14 October), the costs would be:

- Per socket with RCBO unit in the base of a lighting column = £750 per unit.
- Install bracket with festive lighting/banner = £200 per fit.
- Remove festive lights/banner = £200 per unit.

It goes without saying that there would be additional costs associated with purchasing banners and festive lights, and for storage, some of these costs could be met by 'Love Longridge Ltd.

3.1 Members are recommended:

To consider the update and:

- a. Decide if the Council wish to install festive lights and brackets on a set number of columns and their locations.
- b. Decide if the Council wish to install banners and brackets on a set number of columns and their locations.
- c. Request the Clerk to contact Love Longridge Ltd. regarding contributions they could make to the purchase of festive lights, banners and brackets.

4. Townley Garden Project.

Members should note there has recently been a discussion regarding the Town Council taking over the running of the Townley Garden Project.

Nicola Hopkins, Director of Economic Development and Planning at RVBC did not see a problem with this approach, but stated that she would need to speak to the UKSPF Working Group and Policy and Finance Committee to agree a grant to Longridge Town Council to undertake the initial design work - which had been quoted at £10,000. The next stage in terms of implementation could follow, if a suitable design can be produced.

Nicola also stated that if the Town Council are agreeable, she can start things moving at RVBC and asked if the Town Council would be looking to engage with the designer RVBC have already spoken to or would be looking elsewhere. Note that the next meeting of the Policy and Finance Committee is on 12 November, which means the Town Council need to make a decision asap.

4.1 Members are recommended:

To consider the update and:

- a. Decide if the Council wish to take over the Townley Garden Project.
- b. Decide if they would engage their own designer.
- c. Authorise the Clerk to inform RVBC of their decisions.

Proposal

Longridge Well-Being Community Garden.

Proposal by the Town Clerk and Town
Councillor Robert Walker.

clerk@longridge-tc.gov.uk

September 2024

1. Background.

LCC have obtain vacant possession of a site once used by Longridge Town Football Club. Longridge Town Council understands that although the site is held for school expansion, at the present time the school has no intention to use the site, as a consequence the Town Council would like to lease the land and convert it into a Well-Being Community Garden.

2. Proposal.

The plot of land is currently neglected and is not an attractive place to visit, which is a pity as it is opposite a children's play-area.

The Council, with the help of volunteers (which it already has onboard) would convert the area into Well-Being Community Garden.

3. Who would use the facility.

Many homes in Longridge are without a garden, and even though the Council has allotments there is long waiting list for these to become available. In addition, space could be made available for children from the local primary school to use as a way of introducing them to gardening.

Across from the plot is Park House (retirement housing) where many residents still like to walk into town, a community space/ garden would be a lovely area to meet and socialise or even do a bit of digging and planting. Up the road is Plessington Court (retirement housing) where residents could also be invited to make use of the facility.

4. Benefits.

It is well documented that there are few activities that can achieve what horticulture and gardening can. The act of gardening helps us to keep fit and connect with others, to enjoy and be part of nature and to revel in colour, aroma, wildlife and beauty. Aside from cultivating beautiful plants and increasing the habitat for wildlife, the plot could also grow food.

Gardens can allow us to switch off from the stresses of modern living. Evidence suggests if we spend time in a green environment then we **reduce stress, improve mood and come away self-reporting improved wellbeing.**

5. Financial Considerations

The cost of bringing the area into use as a Community Garden would be met by the Town Council, and from grant funding. It is envisaged that volunteers would run the gardens on a day-to-day basis with an oversight from the Town Council.

6. Other Considerations.

The Town Council is prepared to let the land on a short-term basis, while it waits for the school to commit to use it.
